

LAL

LAL

EN | LAL combines with harmony of stainless steel, stylish and ergonomic design features. It is a functional serve-over counter with its large internal capacity, practical design and also ensures safe preservation for various products. Harmonization between high density polyurethane bumper and curved corners makes an impact. Lift able tempered front glasses by gas springs ensures maximum ease of cleaning and loading facility. Combination of eye-catching spherical aluminum profile and illumination brings its precious name LAL to your supermarket. Lal is ideal product for sale of delicatessen, meat and ready meals with its attractive composition.
